REASONS FOR ALLOWANCE

1. Claims 20-24 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claim 20 recites a process of making a polyvinyl alcohol film wherein the film material comprises 100 parts by weight of the polyvinyl alcohol, 0.01 to 1 part by weight of a non-ionic surfactant relative to 100 parts by weight of the polyvinyl alcohol and water such that the volatile component is within the range of 50 to 90% by weight and process comprises discharging the film material on to a drum surface such that the polyvinyl alcohol film has a thickness in the range of 20 to 150 microns, a width of at least 2m, and a thickness variation along the transverses direction of less than 0.5 microns/mm or less.

The prior art fails to disclose or render obvious a process of making a polyvinyl alcohol film using drum casting wherein the polyvinyl alcohol film has a thickness in the range of 20 to 150 microns, a width of at least 2m, and a thickness variation along the transverses direction of less than 0.5 microns/mm or less.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
